January 26, 2017		30 for 1 reverse stock split of common stock	
<b>10</b> CUSIP number	<b>11</b> Serial number(s)	<b>12</b> Ticker symbol	<b>13</b> Account number(s)
75601N500		RGSE	N/A

**Part II Organizational Action** Attach additional statements if needed. See back of form for additional questions.

**14** Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ On January 26, 2017, Real Goods Solar, Inc. ("Company") effected a reverse split of its common stock at a ratio of 30 for 1. Pursuant to the reverse stock split, every 30 shares of issued and outstanding shares of common stock under CUSIP 75601N302 was converted into one share of common stock under CUSIP 75601N500. No fractional shares were issued in connection with the reverse stock split and any fractional share was rounded up to the nearest whole share.

**15** Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ As a result of the reverse stock split, shareholders will be required to allocate their aggregate tax basis of their shares of the Company's common stock held immediately before the reverse stock split amongst the shares of the Company's common stock held immediately after the reverse stock split. As such, the tax basis of each share of common stock will be adjusted proportionately to the corresponding reduction in shares held on the basis of 30 for 1.

**16** Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ A stockholder's aggregate tax basis will not change and will be allocated in proportion to the reduced number of shares. Stockholders who acquired their shares on different dates at different prices are encouraged to consult their own tax advisors regarding the allocation of tax basis to their shares.
